

CHAPTER IV

CLOSING

A. Conclusion

From the result the data obtained that Delimas Girimulyo waterfall is one of the new tourism attraction that has a lot of potential tourism attractions. Those are the beautiful view of its 3 waterfalls and also the another tourism attraction such as many viewing post that they can see Mount Sumbing and interesting selfie spots with diverse property.

Sadly, beside offer many tourism attractions, there is still many of lackness in internal and external factor among other are unproper accessibility, not provide facilities near waterfall spot, organization structure and source of budget. The biggest obstacle in developing Delimas Girimulyo waterfall is the lack of the budget.

Beside those kind of lackness, but the ambience of the local society in Girimulyo village is so good. They work hand in hand to develop Delimas Girimulyo waterfall and eager to learn about hospitality industry. They have same vision which is by the existence of this tourism object could create betterment for the community around in economical sector.

B. Suggestion

Based on the above conclusion, the author can provide suggestions as follows :

1. Always maintaining the good communication and being a solid teamwork to developing Delimas Girimulyo waterfall because by having a good communication everything could run well.

2. Keep learn about tourism and hospitality industries because in the end would be useful in manage a tourism object and know how to treat the visitor, make them feel comfort and they will come to Delimas Girimulyo waterfall repeatedly.
3. More approach the Magelang Government to create corporation to manage Delimas Girimulyo waterfall (completing the requirements documents urgently)
4. Learn how to make interesting instagram feeds to interest people to come to Delimas Girimulyo waterfall.
5. Create another interesting selfie spot or make thematic selfie spot because it would more attract people to come repeatedly and people would never bored if the selfie spots are diverse
